## Capehart To Study Record For Perjury

### Witnesses Tell Of Deals In FHA Probe

CHICAGO (AP)—Sen. Capehart (R-Ind.), head of the Senate committee investigating FHA operations, said Thursday he is not satisfied with all the answers witnesses have been giving and will turn the information over to government authorities.

He said he would give the testimony to the attorney general, Internal Revenue Service, and the Federal Housing Administration compliance committee. He said he also will examine the record to see whether there is perjury which should be turned over to the justice department.

Capehart talked with newsmen upon completion of a three-day hearing into FHA practices in the Midwest.

Maurice Bauman, 30, of Champaign, Ill., testifying for the second day, said he obtained FHA loans for housing improvements when the money actually was being used for other purposes.

Several witnesses also testified salesmen used a "model home pitch" to convince home owners they should buy improvements on their homes and obtain FHA loans for the purpose.

One of the witnesses, Louis (Cockeyed) Louie, alias Louie, alias Lew Farrell, was picked up by police after he left the hearing room. He was held for questioning in connection with two Chicago gangster murders.

Fratto had testified he managed the Des Moines office of Universal Builders, but didn't know the identity of his superior. He said he didn't receive orders from anybody.

Bauman, a Champaign real estate dealer, said he made 32 loans through the Allied Buildings Credits, Chicago, for home improvements under the FHA but that the money actually was used for other purposes, such as finishing houses which already were being constructed.

Capehart said this was a "violation of the law." He subpoenaed Allied's records on these transactions for appearance at a hearing in Indianapolis Monday. Bauman also was ordered to appear at this hearing.

Bauman also testified he arranged "straw men" for housing loans through Hoyt Dobbs Jr., whom he identified as manager of the loan and mortgage department of the Franklin Life Insurance Co., Springfield, Ill.

He said he paid Dobbs about \$1,500 to expedite these loans. He also said he gave Dobbs tickets to a Rose Bowl football game which he understood were for the president of the company.

Bauman said he would pay veterans \$200 or \$300 for use of their names on G.I. loans. He referred to them as "straw men." The property for which he obtained the loans actually was his own, Bauman testified.

Bauman asserted he believed that "it is inconceivable that this could be done without the knowledge of all parties involved."

## Convict's Story Of 1940 Coed's Murder Was Hoax

MCALISTER, Okla. (AP)—An Oklahoma convict admitted Thursday that his story of slaying a Penn State Coed—killed 14 years ago was fictitious—told from a detective magazine in the hope of escaping a life term for another murder he claims he did not commit.

From his cell in the state prison here Jack Ray told a newspaper reporter he knew nothing about the brutal killing of 17-year-old Rachael Taylor in State College, Pa., in 1940, except what he read in the magazine.

By confessing two days ago to one of the most sensational crimes in Pennsylvania history, Ray said he was seeking attention in the hope it would help clear him of a 1939 murder in Oklahoma, for which he was sent to prison.

Ray was convicted in the 1939 slaying of a Cordell, Okla., man, George Goodman. He has spent 14 years in prison for that crime.

Victim of Ray's hoax was Deputy Sheriff Abner Dear of Pittsburg County who Tuesday afternoon had received a confession after working on the case for six months. Dear would only say at the time that his tip came from behind the walls of the prison.

## Truman To Make One Major Speech In Fall Democratic Campaign

INDIANAPOLIS (AP)—Democratic National Chairman Stephen A. Mitchell said Thursday former President Truman will make only one major political speech in the fall campaign.

Mitchell made the statement shortly after arriving here to kick off the party's drive to recapture control of Congress in the November elections.

He told a news conference that Truman still is under doctor's orders to take it easy as a result of an operation last June and will speak only at a party pow-wow at Kansas City Oct. 16.

But perhaps, he said, Truman's daughter, Margaret, will step into the political arena with some speeches in the East.

Democrats from over the nation are staging a two-day rally here Friday and Saturday, determined to capitalize on their showing in the Maine election Monday and parlay it into a nationwide victory in November.

Mitchell said he thought the Maine results had "cheered everybody up" but "I'm just very much concerned that it might give some false confidence."

Maine elected a Democrat as a governor in Monday's balloting and whittled down the victory margins for its Republican senators and three GOP house members.

The governor-elect, Edmund S. Muskie, will speak at a \$100-a-dollar-plate dinner here Saturday night at which Adlai Stevenson will make the main address.

Mitchell told newsmen that Democrats now are "getting a lot of warmth" in places that used to be cool toward them. Asked for examples, he mentioned Illinois, Indiana, Nebraska, South Dakota, Pennsylvania, Connecticut, New Hampshire, New York and New England in general.

The advance guard hustling into this Midwestern city for the two-day gathering was buoyant and elated at the results of the Maine election.

"We've got a new slogan now—30 years of reason," said Hy B. Raskin, deputy chairman of the Democratic National Committee.

"If Maine is any indication of what the balance of the country is going to do in the fall elections," Raskin told an interviewer, "it looks as if the people realize that the Democratic administrations were 20 years of reason."

That's a Democratic twist to the "20 years of reason" theme sounded last spring by Sen. McCarthy (R-Wis.) on a speaking expedition during which he accused the Roosevelt and Truman administrations of softness toward Communists.

The six men hold top positions in five localities of the union. They had told the state investigators they got cars, high salaries and expense accounts from welfare funds—the total amounting to more money than the funds paid out as benefits to union members.

Greenberg said he would meet with Reuther here Thursday night to discuss the action he took. He said he already has appointed administrators to audit the books of the five locals.

"I never suspected nor knew that these abuses existed," Greenberg said.

Greenberg took office last May. The union has 60 locals and about 60,000 members in all.

In Washington, both Senate and House committees prepared to launch their own probes of union welfare fund abuses, and received pledges of cooperation from Reuther and AFL President George Meany.

## Soviet Announces Another Atomic Weapon Explosion

MOSCOW (AP)—The Soviet Union announced Friday it has exploded another atomic weapon—to study its battle effect.

A five-line announcement by the Soviet news agency Tass and printed in the government newspaper Izvestia said:

"In accordance with the plan of scientific research work, trials of one of a type of atomic weapons were carried out in the Soviet Union during recent days."

The aim of the trial was the study of an atomic explosion.

"The trials produced valuable results, which will enable Soviet scientists and engineers to solve successfully problems of defense from atomic attack."

No further details were given.

A year ago Friday the Soviet Union announced its last successful tests of "new type" atomic bombs. The U.S. Atomic Energy Commission in Washington said that announcement confirmed its own report of Aug. 31, 1953, that a fission-atomic explosion had occurred Aug. 23 in Russia.

The AEC announced earlier, on Aug. 21, that the Soviets had conducted atomic tests Aug. 12 involving both fission and thermonuclear bombs. Thermonuclear is the term scientists use to describe a hydrogen explosion. The AEC said these all appeared to be part of a series of tests.

Neither the Atomic Energy Commission nor the State Department would comment on the latest Russian announcement.

Chairman Lewis L. Strauss of the AEC said at a White House news conference last March—in connection with American thermonuclear (H-bomb) tests in the Pacific:

"In August of last year the Russians... yielded a weapon or device of a yield well beyond the range of regular fission weapons and which derived a part of its force from the fusion of light elements."

"There is good reason to believe that they had begun work on this H-bomb weapon substantially before we did."

Comic Industry Starts On New Code Of Ethics

NEW YORK (AP)—The comic book industry, except for three publishers, appointed a New York magistrate Thursday to administer a new code of ethics to offset criticism that the books contribute to youthful crime.

Charles F. Murphy, 44, who will head the self-policing move, is expected to ban horror and "sex" comics when he takes over Oct. 1 as administrator of the newly formed Comics Magazine Assn. of America.

A spokesman for the association said its membership comprised 24 of the nation's 27 comic magazine publishers and that they publish about 75 per cent of the comics.

He said the other 25 per cent was divided between the three non-members, Dell Publishers; William Gaines; and Classics Illustrated.

Gaines, who said he introduced the first horror comic books, stated Thursday he was discontinuing them and that he hoped other publishers would follow suit.

A Dell spokesman said the firm does not publish any horror comics and has "flourished for years under its own stringent code of ethics."

Dell is the largest publisher of comics in the industry.

Spokesmen for Classics Illustrated were not available for comment.

The association said Murphy will have "full authority to carry out and enforce a strict, self-imposed set of standards for comic publishers."

He will draw up the code of ethics.

SHELLING OF CHINA COAST CONTINUES

TAIPEH, Formosa (Friday)—Nationalist planes and warships Thursday again hammered the Red China coast near Quemoy after a brief flareup of action 350 miles to the north.

The Defense Ministry reported belatedly that Red and Nationalist artillery exchanged fire Wednesday near the Tachens, a Western anchor of the chain of Nationalist islands off the mainland's east coast.

Nationalist air force planes broadened their reconnaissance flights to include not only the area around Quemoy but the Chekiang Province coast near the Tachens.

They presumably were assembling junkies to threaten any of the offshore islands.

One thing about middle age, you don't get tired during the day—you start tired.

## Dulles, Adenauer Confer On German Sovereignty

### Report Pope Tires Easily, No Reason For Deep Concern

VATICAN CITY, Friday (AP)—A high Vatican source said Pope Pius XII recently has shown signs of fatigue but his physicians believe there is no reason for serious concern.

The statement was taken as an indication that the 78-year-old Pontiff had not fully recovered from the stomach disorder that forced him to bed for nearly six weeks early this year.

The Pope is staying presently at his summer residence at Castel Gandolfo and all summer has been carrying on a heavy schedule of audiences and other activities.

He gave a private audience Thursday to Field Marshal Visconti Montemayor, British vice-commander of SHAPE, and later spoke for an hour at a general audience for 400 persons.

He also gave a private audience to Italy's foreign minister, Alcide De Gasperi, on a periodic inspection trip.

Vatican sources said the Pope was showing definite signs of fatigue as a result of his continued heavy schedule in the Marian Year.

They added that the Pontiff's personal physician, Dr. Riccardo Galeazzi, was scheduled to visit the Pope later Friday.

A Swiss specialist, Dr. Paul Nienhaus, who attended the Pope during his illness in January and February, also is known to be in Rome.

Vatican sources would not confirm or deny reports that the Pope had suffered a recurrence of the stomach disorder, but said "he is definitely suffering from fatigue."

Nickell spoke on the opening day of the three-day program built around the 1954 National Plowing Matches here. About 20,000 people, state police estimated, showed up for the first day's program. Many of them were school children as it was Youth Day, the first ever held in connection with the plowing contests.

"Our society must enter upon an economy of conservation if civilization is to avoid a catastrophic decline," Nickell said.

"Certain parts of the world have already depleted their resources to such a degree that their peoples must be fed and clothed by other nations."

The area here needs rain badly and a huge cloud of dust, raised by the crowd, hung over the site.

High school boys from 13 states took part in the Future Farmers of America regional public speaking contest which opened Thursday morning. The international sheep dog trials also opened Thursday and continue through Saturday.

WASHINGTON (AP)—The Agriculture Department said Thursday it lost a record sum of \$419,477,000 on farm price supports in the last fiscal year and stands to lose over one billion dollars more.

Losses occur when the department sells its government-owned surpluses for less than it paid farmers for the commodities under price support guarantees, plus storage costs.

The cost to the taxpayers because of the losses was one of the arguments the Eisenhower administration used in winning Congress over this year to a flexible, rather than a fixed, system of price supports.

Under the flexible system, to be applied to a number of basic crops next year, the level of price supports would be lowered when overproduction threatened, thus discouraging the cultivation of surplus crops.

The \$419,477,000 lost in the fiscal year which ended June 30, compared with the previous high loss of \$345,000,000 for the 1951 fiscal year.

MAINE G.O.P. OFFICE BECOMES 'DOGHOUSE'

PORTLAND, Maine (AP)—A sign appearing in the window Thursday proclaims Republican headquarters here soon will be "a new and better doghouse."

It's no joke. The office used by the party that lost the governorship Monday for the first time in 20 years will be taken over by a pet shop known as "The Doghouse."

## Mississippi Passes Amendment To End Public Schools

JACKSON, Miss. (AP)—Standby authority to abolish public schools to keep Negroes and whites separated cleared Mississippi's Legislature Thursday.

The amendment to the state constitution goes to a vote of the people on Dec. 21.

Gov. Hugh White predicted the people would ratify the amendment. But state leaders admit there is a strong undercurrent of opposition.

The House of Representatives Wednesday whipped a move to use state funds "to fully inform the people of this state of the provisions and purposes of the proposed amendment."

The amendment's opponents, joined by some supporters, shouted quick approvals Thursday, one rejection of "being propagandized week after the House overwhelmed with state funds" to get the people's state at the polls.

Sponsors labeled the amendment a "last resort" measure to be used only if other methods fail to keep segregated schools despite the U.S. Supreme Court decision outlawing public school segregation.

The state Senate gave the amendment the last of three readings.

LEAC members promised to support a public school building program to improve Mississippi schools if the amendment is ratified.

They agreed that better Negro facilities would help keep segregated schools on a voluntary basis. But some LEAC members, holding decisive legislative power, have refused to support appropriations for school buildings unless the amendment is ratified.

If the people ratify the amendment, it will be inserted in the state constitution by the next Legislature.

Under the amendment, the Legislature could:

1. Abolish schools throughout Mississippi by a two-thirds vote.

2. By a majority vote set up a local option plan whereby individual counties and school districts could abolish their schools.

3. Sell, lease or rent state-owned school property.

4. Pay tuition for students to attend private schools.

Club Women's Head Hails Picking Czar To Cleanup Comics

WASHINGTON (AP)—The president of the General Federation of Women's Clubs Thursday night hailed as "a very encouraging step" word that a newly formed association of comic book publishers has named a "czar" to clean up horror books.

Mrs. Theodore Chapman of Jerseyville, Ill., has been leading the General Federation's five million U.S. members in a drive to get comic books of this type as well as those regarded as "sexy" out of circulation on the ground they contribute to juvenile delinquency.

The Comics Magazine Assn. of America, representing 75 per cent of the industry, Thursday announced the appointment of Magistrate Charles F. Murphy of New York as administrator of a self-imposed code of ethics for the industry. He will take the post Oct. 1.

"It will be excellent if the code standards are high and the administrator has high standards himself," Mrs. Chapman said. "We will watch with continued interest."

Scientists, Back From Polar Region, Report Oil Discovery

BOSTON (AP)—There's oil in the frozen wastes around the meandering magnetic pole, a scientific expedition reported Thursday upon its return from an exploratory voyage of more than 8,000 miles aboard the fishing vessel Monte Carlo.

Heading the scientific staff was the Rev. Daniel Linehan, S.J., director of the Boston College seismograph station, who compiled records which may show the expedition was first to localize the pole, an area rather than a precise point on the globe in the vicinity of Boothia Peninsula, about 1,100 miles from the true North Pole.

The magnetic pole, however, does not occupy a stable position. That is why navigation charts show its rate of variation in relation to the pole at the top of the earth.

## Plan Meet To Work Out Details

BONN (AP)—Secretary of State Dulles and Chancellor Konrad Adenauer thrashed out in secret talks Thursday night the problem of how to give the West German sovereignty and arms without alienating France.

Dulles and the German leader met for almost three hours in Adenauer's chancellery. Results of the conference were a tightly guarded secret, but informants described Dulles as "not downcast."

In Paris, meanwhile, French Premier Mendès-France agreed to Pierre Mendes-France's plan for a seven-nation West European defense alliance, as a substitute for the French-United European Defense Community.

Representatives of the seven nations—Britain, France, Italy, Belgium, the Netherlands, Luxembourg and West Germany—will meet in London around Sept. 27 to work out details of the proposed alliance. Widespread rumors in the French capital said Norway and Denmark might also join.

Arriving in London after his Paris talks, Eden indicated he still did not have full American and French support for all phases of his program for rearming West Germany. He said a "wide measure of agreement" was reached but warned that "a good deal of work remains to be done."

Informed American and British sources in London said earlier that Washington has decided to support Britain's plan for quickly rearming West Germany within the North Atlantic Treaty Organization. These same sources said the United States has reserved its position on the proposed new seven-nation alliance.

In Strasbourg, France, the European Assembly also was talking of alternatives to EDC, but decided there was too much diplomatic activity to get a clear picture immediately.

French agreement to the Eden plan came after two days of talks that climaxed a flying secretary by the British foreign secretary through the West European capitals.

In a joint communique, Eden and Mendes-France said they were fully agreed on the importance of strengthening the Atlantic community and achieving a unity "in which the United Kingdom will play a full part." One of the principal French objections to EDC was that Britain was not a member.

A French Foreign Ministry spokesman said the communique meant agreement on the basic idea of Eden's plan. Mendes-France told newsmen diplomats will try to iron out the still existing differences before the London meeting.

Dulles' present plans to not call for a stopover in Paris. Informants said, however, the U.S. secretary may call on Mendes-France if Churchill and Eden agree it would be helpful.

### THE PIPE LINE PROJECT MOVES FORWARD

The City of Jacksonville received very favorable bids both for the construction of the pipe line to the Illinois river bottoms and for the sale of its general obligation bonds. As a result it now appears that the pipe line may be built for about \$500,000 less than the cost originally estimated. This substantial saving is, of course, good news to the people of the community, but the main thing is that the building of the pipe line is now assured.

While the size and type of pipe to be used in the line was being debated, considerable heat was engendered between the advocates of cast iron pipe and those who believed pre-stressed concrete pipe should be selected by the city. In the end the Council voted to award the contract on the basis of the concrete pipe. This action was taken largely on the basis of the engineers' recommendations. Only time will tell whether this decision was the best one, but no one can definitely say now that it was not.

### A TYPICALLY AMERICAN SHOW

Some of the best things in American life are often found to be so intertwined with sentimentality, flamboyance, overdoses of showmanship and lapses in taste that they cannot be separated and enjoyed in a kind of isolated purity. But that does not mean they cannot be enjoyed.

Our political conventions provide an example. Any one who glues himself to a TV or radio set for the duration of one of these affairs is in for some of the most boring hours on earth.

Good rich corn will come cascading down upon him. He will hear some of the worst propaganda imaginable, presenting distorted pictures of men, issues and events.

Yet a few would deny that U. S. national conventions are the most exciting, the most human public experiences most of us ever have a chance to know. Through all the carnival atmosphere, beneath the encrustations of boredom, runs the intense drama of conflict, of clashing wills, of minds bent toward ingenious tactic, of final triumph and shattering defeat.

Most important, despite the distortions, the phony argument, and the distractions, our conventions most of the time seem amazingly to pick the candidates for high office that the people prefer. In other words, they fulfill their purpose.

Another example, from the more frivolous realm, is the yearly "Miss America" beauty pageant in Atlantic City.

The other night TV brought us the final hours of this celebrated test of feminine charms. The corn was there in abundance, as anyone would guess. The tricks of showmanship were painfully obvious. The jokes were weak. An air of exaggerated self-importance hung over the proceedings, and infected many of the participants.

And still, the pageant held something good. It was warmly human, open-hearted, unashamed in its sentimentality. In all these respects, it was typically American.

There was the excitement of a contest, of course, but a deeper excitement lay in catching this cluster of girls at a moment of great meaning. Diplomats will not furrow their brows, nor will cabinets fall, over the outcome at Atlantic City. But to the girls it was important.

This was really show business, and some of our social philosophies insist that the sort of fame "show people" gain inevitably "ruins them as human beings."

The evidence on this point is at least conflicting. Certainly none of the former "Miss America" winners who turned up on the TV screen seemed on the road to ruin.

The best shot of the evening, the camera glimpse that made the pageant a revealing and reassuring show of genuine human feeling, was the look of mixed disbelief and happiness on Miss California's face when she realized she had won.

A realm of fancy, maybe, this world of Atlantic City, but rewarding and comforting, nonetheless, in a way that even bright promise from the business charts and the councils of state can never quite match.

## Boyle's Column

NEW YORK (AP)—It is, of course, the sign of an immature mind. Don't you agree, doctor?

But then my mind has always run in that direction. Every time I want to turn and get more comfortable on this couch—everytime some problem comes up I immediately begin imagining the most dramatic solution possible.

An inability to face reality to accept the world the way it is? Yes, I quite agree. That's been my trouble. For example, what other grown man would have the same reaction to the day's news?

I read that Louis Wolfson is getting ready to battle Sewell. I am getting ready to battle Sewell. I am getting ready to battle Sewell. I am getting ready to battle Sewell.

A fight for control of a billion-dollar corporation. Both men battle for the stockholders' votes. Each fails to get a decisive majority. The tension rises. How do you settle this?

Outside, silhouetted against a harvest moon, a lonely farm boy plans a haunting tune of his own making on a mail-order saxophone. And inside, Avery and Wolfson deal out a game of two-handed showdown. The first ace wins Montgomery Ward.

See what I mean, doctor? Totally unrealistic. The last time the auto workers in Detroit demanded a pay raise, I immediately saw a titanic struggle in the making. Collective bargaining failed.

Federal conciliators step in. They fail, too. Each side refuses to budge. What to do? Only one thing to do. In some neutral area, the

corner of a desk top is cleared, and Harlow Curtice, president of General Motors, and Walter Reuther, president of the CIO auto workers, sit down to an Indian wrestling match.

As their muscles tighten, as drops of perspiration begin to glide down their foreheads, as their locked forearms sway first to the left and then to the right, a lonely night watchman in a darkened factory begins to beat drums on the tank of a half-finished Cadillac.

Irrational? I know, I know, doctor. But that's not the worst of it. The picture I've been visualizing lately is really insane. Anybody who knows anything knows it can't happen.

After being more than eight games out the Milwaukee Braves begin to pull up on the last game of the regular season, they tie the Giants for the National League pennant. Comes the playoff, best two out of three.

The Giants win the first. The Braves win the second. It is now third game and the bottom of the ninth. The Giants leading 4 to 2. Johnny Antonelli, whom the Giants got in a trade with Milwaukee for Bobby Thomson, is pitching.

There's one out. The Braves get a man on first and third. The winning run is at the plate. And who comes to bat? Doctor, I'm so excited, I'll roll off this couch. Who comes to bat?

Bobby Thomson! That's who comes to bat. Yep, the same man who hit the homer that won the pennant under the same conditions for the Giants in 1951. That's who comes to bat. Isn't it utterly insane?

What's that, doctor? You say, you've been having the same thought lately? Not sleep, huh? No appetite? Always restless, fidgety. What to do? Only one thing to do. In some neutral area, the

## The World Today

By JAMES MARLOW

WASHINGTON (AP)—That the United States is living in a troubled period was illustrated Wednesday night by Secretary of State Dulles, who talked to the nation while flying to Europe.

Before he boarded a plane for Germany to discuss European problems, he recorded a television broadcast about Asian problems, which appeared on the nation's screens hours after he had departed.

It was a cautious Dulles who last week at Manila with seven other nations for the defense of Southeast Asia.

The treaty itself is cautious. It doesn't pledge the United States ahead of time to get into war if the Communist attack in Asia. That is left up to the President and Congress to decide if the time comes.

Dulles was cautious even on the subject of helping Southeast Asia economically. The treaty signers agreed, as he explained, to "cooperate in the development of economic measures which will promote economic and social well-being."

Then, almost as if conscious of being watched questioningly by next year's Congress which will have to vote the money for Southeast Asian "well-being," Dulles said:

"The treaty recognizes the importance of economic welfare. But it does not commit the United States to any 'handout' program."

Its full meaning will have to be explained later. In fact, the whole meaning of the treaty will be understood better later than now. Whether it ever becomes more than names on paper depends on the eight nations which signed it.

The United States, Britain, France, Australia, New Zealand, the Philippines, Pakistan and Thailand.

Dulles acknowledged this in his broadcast when he said "treaties are not self-operative." There has to be a genuine will to carry out the treaty purposes.

There was a time earlier this year, during the Indochina War, when Dulles was bolder with the language he used. He spoke then of "massive retaliation" if the Chinese Communists got into the Indochina War where the Communist Viet Minh had been fighting the French for almost eight years.

The Chinese didn't have to get in, directly, their supplies to the Viet Minh were enough. The French were forced into an armistice giving away half of Viet Nam, largest of Indochina's three states.

Dulles remembered that period almost wistfully Wednesday night, recalling that in the Indochina crisis he appealed for "united action" by the Western Allies to save Viet Nam.

That appeal, he said, "proved impracticable," another way of saying he had been turned down. It was after the Indochina armistice that the United States persuaded the other seven nations to sign the Manila treaty.

"Better now than never," Dulles said.

But he was flying to Europe because another crisis had occurred there. The French had wrecked EDC, the European Defense Community, by refusing to join a single European Army with Germany.

This country badly wanted EDC as a defense against Russia. Now the problem is to find some other way of rearming Germany, whether the French like it or not. That was why Dulles flew to Europe.

Only last Saturday Dulles sent his chief professional diplomat, (Robert D. Murphy) to Europe to see what can be done about Germany.

Why Dulles also had to go because Murphy sent back word that required Dulles' personal appearance or just because Dulles wanted to see for himself is not clear. Hell or back Saturday.

#### Spoils?—Ph. D. Union—Would Boot Reds—Speech Explodes—Dove of Peace—Compensation

WASHINGTON (NEA)—Republicans who may have thought they would get thousands of high top government jobs in the switch-over from 20 years of Democratic rule have been sorely disappointed. Outside of postmastership and armed service promotions, fewer than 3000 presidential appointments have been submitted to and confirmed by the Senate in the 83rd Congress. They were divided about equally 1455 the first session and 1464 the second.

This shows there was no great housecleaning in the political change of administration. Many of these appointments were transfers of career employees and some were replacements for the first round of Republican appointees who resigned.

On postmasterships, which are now supposed to be nonpolitical jobs, only 75 nominations were confirmed by the Senate first session. In the second session, after re-examining all applications, the number of postmasters confirmed went up to 177.

But labor relations experts in this field believe that it might come some day. Some of the graduate engineers are already organized into a labor union and it's only a step from this to a union of physicists and chemists.

They do have their professional society now in the Federation of Atomic Scientists. Tightened security regulations and the withdrawal of clearance for Dr. J. Robert Oppenheimer have changed the nature and purposes of this organization, however, and it is more and more placed in the position of battling for the scientists' rights.

Jerry Voorhis, former California Congressman who is now executive director of the Cooperative League of the U.S.A., has taken the lead in a movement to have Communist co-ops operating behind the Iron Curtain kick out the International Cooperative Alliance. I.C.A. now represents 117 million families in 35 countries.

At the Paris meeting of the international organization this month, one of the principal items of business will be to expel all Bulgarian, Czech, Romanian and Russian groups that are not genuine open-membership, independent co-ops, free from all government controls.

The Communists have been stepping up their activities to use all international organizations as platforms for their propaganda. That's why American and British co-op leaders want them kicked out of the I.C.A.

A Couple of stories which have been recently leaked out of last summer's U.S. disarmament conference in London show how careful the anti-Communist negotiators have to be in dealing with the Russians.

The conference had no more than opened when U.S. General Alfred M. Gruenther, supreme commander of the North Atlantic Treaty Organization, came to London to make a speech. In it he said that it wouldn't be long before the U.S. would have atomic weapons in quantity to back up NATO forces.

The Russian delegate, Jacob Malik, picked this up immediately and used it as evidence that the U.S. intended to wage atomic bomb warfare. That almost wrecked the conference, and it took some time to get the disarmament train

of thought back on the track.

At Another disarmament session Moorehead Patterson, the U.S. representative, was presiding. He heard a commotion at the window and noticed all the other delegates looking up. It was a pigeon, trying to get in.

"Open up the window," suggested Mr. Patterson to break the tension. "Let the dove of peace come in."

Malik picked up the idea. "He's been trying to get in for years," he observed, "but the United States always keeps him out."

After that, Mr. Patterson decided to keep his mouth shut and not try any more cure remarks.

Undersecretary of Labor Arthur Larson doesn't like the name "Workmen's Compensation," which has been given to the system for paying the equivalent of an insurance benefit to people injured on the job. Mr. Larson wants to call the system something like "Workmen's Restoration."

"The word 'compensation' connotes a sort of paying off, or buying off of an injury," he told the National Association of Compensation Attorneys in Boston recently. "It seems to imply that the system has discharged its function when it has given the worker or his family a certain amount of money."

One bright spot in treatment which has been developed in recent years is the use of certain drugs coming under the name of anti-histamine agents.

Several of these substances are on the market under various names. Each of them has certain advantages and certain disadvantages and they should not be taken except under competent medical advice.

They do not cure the underlying condition, but frequently bring relief from the itching and improvement in the appearance of the skin sometimes for hours at a time.

So too often happens when the cause cannot be discovered, the treatment is difficult indeed. There is nothing which can be put on the surface of the skin which will make the urticaria disappear. Even the itching can be only partially relieved while the urticaria is present.

### Brightly Patterned Paper Plates Save Dishwashing

FOR AN INFORMAL BUFFET PARTY, stack brightly patterned paper plates in a toast rack, they will save hours of dishwashing.

BY GAYNOR MADDOX

NEA Food and Markets Editor

Wives who work and keep house report that modern paper plates save them hours of dishwashing. Often, some tell us, they use them for parties, too.

Mrs. Arthur Ivey, of Pound Ridge, N. Y., cover girl model, mother of two-year-old Julianne, arrives home at 7:30 p.m. She serves her husband and self easy-to-prepare dishes and uses paper plates. Even Julianne gets much of her foods in paper bowls.

For informal party buffets, Mrs. Ivey says, she uses one of her favorites—a colonial design in bright red, blue and green, with matching cups. For more formal meals, she chooses one of the solid color, coppery-toned plates. A flowered design or one of the new chintz-like plates, subtly decorated in pastel tones.

When it's just for the family for quick breakfasts and leisurely dinners, it's generally pastel-colored plates with nine-inches for the entrée, six-inches for bread and butter and seven or eight-inches for dessert. Whatever the occasion, color and pattern, they're alike in practicality.

One of her favorite menus for both family and informal gatherings: Golden brown fried chicken-in-a-basket (she buys it frozen ready for preparation), a tossed salad and hot blue cheese bread. Coffee and fresh fruit complete the meal.

Hot Blue Cheese Bread (Makes 16 Servings)

One loaf unbleached white bread, 1/2 cup crumbled American blue cheese (about 1 1/2 pounds), 3 tablespoons butter or margarine, 3 table-spoons milk, 1/4 cup softened butter or margarine.

Cut bread down the center lengthwise without cutting all the way through. Cut crosswise in 1-inch slices without cutting all the way through. Combine cheese, 3 table-spoons butter or margarine and milk; mix until well blended. Spread cheese mixture on all cut surfaces of bread. Spread 1/4 cup softened butter or margarine on outside surface of loaf. Wrap tightly in aluminum foil and bake in hot oven (400 degrees F.) 15 minutes. Serve immediately.

TOMORROW'S DINNER: Fried chicken-in-a-basket, parsley potatoes, green peas, hot blue cheese bread, lettuce, tomato and green pepper salad, French dressing, fresh fruit bowl, coffee, tea, milk.

## In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Time for a checkup on "Oklahoma!"

Filming of the great Rodgers and Hammerstein musical has resumed in Hollywood after a lengthy location in Arizona. So I thought I had better pay a call on the film, which is being made in the new Todd-AO process.

I came on the set, which is stage 15 at MGM (R&H have rented space there). There was a ranch, complete with water tank and windmill. And at the other end of the stage, a farmhouse. With a backdrop that looked like a huge grant wood landscape. That's where all the activity was taking place.

Director Fred Zinneman ("From Here to Eternity") was in the center of the cast, directing the wedding of Curley and Laurie. This was strictly a rehearsal and the many young dancers were decked out in some of the wildest get-ups imaginable.

Director Fred Zinneman ("From Here to Eternity") was in the center of the cast, directing the wedding of Curley and Laurie. This was strictly a rehearsal and the many young dancers were decked out in some of the wildest get-ups imaginable.

"Now this is a movie," Zinneman was instructing the largely Broadway-trained group. "You will have to learn some of the things you have learned on the stage. Broad gestures will be out."

He rehearsed the scene with the chorus and the principals, including Gordon MacRae, Shirley Jones, J. C. Flippin, Gloria Grahame, Charlotte Greenwood, Gene Nelson, James Whitmore. The wedding party streamed out of the house and went into a rousing chorus of "Oklahoma!" I always thought it part of the show's charm that this finale number came many minutes before the end of play.

I chatted with Miss Grahame, who remarked that the hours were longer than on any other film she has done. She offered one item: In the script, Nelson asks her to name the day for a wedding. "August 15" is her reply.

And believe it or not, she added, that was the day she married Cy Howard.

Oscar Hammerstein II is the film's overseer, Rodgers having left for New York and his revival of "On Your Toes."

The Todd-AO process is a new one developed by producer Michael Todd and the American Optical co. It uses 65 mm. film instead of ordinary 35 mm. The wider film plus a wide-angle lens gives an extra-ordinarily clear picture on a wide screen.

It is too generally true that all that is required to make men unkindly what they owe to God for any blessing is that they should receive that blessing often enough and regularly enough.

—Bishop Whately.

# LIONS CLUB AUCTION RAISES \$1,000

Col. Alvin Middendorf holds up a table lamp, first article offered at the Jacksonville Lions club Odds and Ends Auction Wednesday. Lamp was sold to George Severns on his high bid of \$1.50. At left is Col. Elmer Middendorf, other member of the auctioneering team. At extreme right is William Cochran, clerk of the auction, stretching out to listen for bidders in the crowd. Running simultaneously with the Fall Opening held by retail merchants, the Lions club auction continued until 12:15 a. m. Thursday. Officials reported that "something in excess of \$1,000" was realized for the community betterment fund. Some of the articles donated for sale were left over. Joe Grojean, president of the Lions club, said that another auction would be held in the near future.

The Cake Walk! Seventy cakes were baked and decorated by members of the Lioness club. It cost a dime to enter the Cake Walk and patrons got a free balloon or a cake. An orchestra headed by Boots Brennan furnished music on the south side of the square. The west side of the square was roped off. Police were on hand to re-route traffic around the auction.

A good hostess serves what guests like best . . . and everywhere, that's Coca-Cola, with its can't-be-matched flavor. Coke adds to the life of the party, and there's nothing as delicious to go with a hot snack. So easy to serve, too . . . ice cold, in the bottle.

## Vandals Create Havoc At Elsie Township Home

JERSEYVILLE—Clement Duell of Elsie Township came to the Sheriff's office here Tuesday afternoon to report acts of vandalism being committed in that part of Jersey county.

Duell reported that vandals or pranksters have been removing pasture gates from farms in the locality where he resides and placing them across the highways.

Sunday night a pasture gate was removed from a field at the Clemmons Wendle farm and placed across the highway.

Ernest Luer, another neighbor, telephoned at 1 a.m. to the Wendle farm home that a gate belonging to one of their fields was on the highway and that he had stopped on the road and removed it.

A similar epidemic of road blocks was created in the Otter Creek Township locality a year ago, but the vandals were never apprehended. The present operations of the vandals is similar to those of the parties committing similar acts this year.

## New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work plus truly a beautiful floor. Glaxo is available at Bomke Hardware Co.

### Berra's Homer Gives Yanks 4-2 Edge On Tigers

DETROIT (AP)—Yogi Berra complained before the game Thursday that an infected finger should have kept him out of the lineup but he hit a three-run home run in the first inning to enable the New York Yankees to defeat the Detroit Tigers 4-2. The Yankees thus remained two games from elimination from the American League pennant race.

Rookie Bob Grim yielded only six hits in his 19th victory against six defeats.

Manager Casey Stengel admitted he refused to bench Berra more because of the Detroit-Boston fight for fourth place than because of the Yankees' own slim hopes for a sixth straight pennant.

The defeat cut Detroit's fourth-place margin over Boston to a half game while New York is eight games behind Cleveland.

Cleveland can clinch a tie for the pennant by defeating Detroit Friday night and can win it outright if the Philadelphia Athletics knock off New York. Or the Indians can take the flag by winning two games.

Mickey Mantle was ejected by an umpire for the first time in his career. He protested a called third strike too vigorously to Umpire Ed Runge in the third inning.

## EYES TONIGHT'S OPENER

These four Crimson linemen get last minute instructions from Coach Bob Kraushaar before they bang heads with the Pittsfield Saukees in tonight's opener at the local field. Left to right: Coach Kraushaar, Larry Knight, Jim Woodward, Max Roegge and Francis Hudson.

## SPORTS TRAIL

By WHITNEY MARTIN

NEW YORK (AP)—The morning was chill and grey and boded ill for the heavyweight championship fight scheduled at Yankee Stadium Wednesday night.

A crowd was gathering in the lobby of Madison Square Garden, where a low platform had been set up for the weigh-in of Ezzard Charles and Rocky Marciano.

Standing around in little groups, waiting for the fighters to appear, the spectators talked of this and that. Most of them had seen the same ceremony time and time again.

Marciano, wearing a purple robe and a crooked little smile, was escorted to the platform as Charles entered from another direction, and there was little time lost.

Rocky removed the robe and stood on the scales. Someone whispered to him and he started to remove his trunks, only to halt sheepishly as the cameramen who were recording the proceedings shouted a warning.

His weight was announced as 186½, and there was no surprise as that was only a pound lighter than he was for the June fight, and a pound on a heavyweight is meaningless.

## Giants Push Ahead 4½ Games With Double Win Over Milwaukee

NEW YORK (AP)—The New York Giants widened their first place lead over Brooklyn to 4½ games Thursday, taking both ends of a rain-plattered doubleheader from Milwaukee, both by 6-2 scores.

The double victory, which virtually eliminated the gallant but injury-ridden Braves from flag contention, enabled the pennant-bound Giants to pick up a game and a half on the Brooklyn Dodgers who bowed to Cincinnati 9-3.

The Giants' meek number 11 now five. Any combination of five New York triumphs and Brooklyn defeats would insure the pennant for the Giants. Only three more New York wins would eliminate

Milwaukee. The Giants have nine games left to play, the Dodgers eight and the Braves 10.

Airtight pitching by Ruben Gomez, Marv Grissom and Hoyt Wilhelm plus solid hitting by Monte Irvin, Willie Mays, Alvin Dark and Davey Williams featured what may prove to be the Giants' most important pair of victories.

In the opener, Gomez turned the Braves back with eight hits for his 16th triumph and fourth in a row. He fanned four, walked three and allowed no earned runs.

Irvin batted in four runs with a double, single and sacrifice fly as the Giants knocked Warren Spahn out of the box for the first time and hung the 12th defeat upon the veteran southpaw. It marked the second straight time that Spahn failed in quest of his 20th victory.

Grissom and Wilhelm, New York's brilliant bullpen duo, combined to limit the Braves to seven hits in the nightcap. Grissom, making his third start of the season and his first since May 1, yielded both Milwaukee runs and all seven hits. Wilhelm was sensational, facing 10 batters and getting 11 outs.

He replaced Grissom in the sixth with the score tied at 2-2, one out and runners on first and second. He got Johnny Logan, the first batter, on a line drive double play and retired the next nine batters, allowing only four balls out of the infield.

Low Burdette was the Braves' starting and losing pitcher in the nightcap. The Giants rapped him for seven of their 11 hits with Mays leading the way with a home run—his 40th—and two singles to tie him with Duke Snider for the league lead.

Dark and Williams also homered for the Giants and Eddie Mathews blasted his 37th four-bagger for the Braves.

This will be Franklin's first year in the MSM Conference and although they play the teams in the loop they will not be eligible for the championship.

Schedule: Sept. 17—Northwestern (H); Sept. 24—Waverly (T); Oct. 1—Petersburg (H); Oct. 8—Open; Oct. 15—Pawnee (H); Oct. 22—Virginia (T); Oct. 29—Mt. Sterling (H); Nov. 5—Nokomis (H).

## Franklin Opens 11-Man Football Season Tonight

The Franklin Flashers open a new season with a new coach and a different brand of football tonight when they entertain Northwestern at 8 p.m. contest.

Franklin was a member of the 3-C eight-man loop last season but switched to the 11-man variety for the coming year. This year the Flashers will be under the direction of Bill Farley Farley, a graduate of Bradley, is in his first year of coaching and inherits a team with 11 returning lettermen.

The lettermen are: Allen John, Bencher, Alfred, Joe, Charles, Dorsey, Richard, Hart, Jerry, Mulglin, DeeWayne, Murphy, Bob Rawlings, Charles Smith, Marvin Starnier and Leo Woods.

This will be Franklin's first year in the MSM Conference and although they play the teams in the loop they will not be eligible for the championship.

## Oklahoma Over California

By WILL GRIMSLEY

PITTSBURGH (AP)—The "Impatient Sooner" is the word for Oklahoma's football team, which always has to find out in a hurry.

A year ago, Bud Wilkinson's "thick-necked athletes" opened with Notre Dame. This year it's California, one of the powers on the Pacific Coast.

So pressure comes early to the pigskin prophet, who rates the Sooners tops in the nation.

The first blush: Oklahoma over California. It'll be close; about 28-21 Oklahoma.

Maryland over Kentucky: The Terrapins have too much muscle, speed, and know-how, should romp 27-7.

Georgia Tech over Tulane: Tulane is cellar material in the Southeast. Tech, 28-0.

## FAN BREEZES

BY BILL MERRIS

"We won't score," were the words uttered by Coach Bob Kraushaar as he sent his Crimsons through their final workout of the three week period before tonight's opener with Pittsfield. However, there was sort of a gleam in his eyes and we are inclined to think Coach Bob was only kidding. (Or hopes he was).

Assistant coach Al Rosenberger crossed his fingers and said "Let's hope we don't have any injuries." We are sure he was speaking primarily of the line that must hold if the Crimsons are to win. He started with the ends and pointed out that a couple of the younger boys are coming around fast but at this moment they lack experience.

This leaves most of the load on a couple of veterans, Hudson and Knights. The rest of the line is pretty well set but Coach Al hates to think what would happen if they were to lose a Woodward, Roegge or Hill.

Coach Kraushaar seems to be well pleased with the way the backs have been running. He believes Trier is just finding himself and should be off to a great year. He and Larry Scott give plenty of protection at the left half spot. Skip Dyer and Kent Dawson give the quarterback a choice of running power.

Both coaches are anxious to see how Dawson will go under fire. Although a senior, this will be Kent's first year in football togs. He has the size and speed and we bet he comes through. Rounding out the backfield—the Crimsons have a couple of confident quarterbacks in Bill Lewis and Jack Fairfield. Both have looked good.

Out on the hill coach Al Miller had a pleasant surprise yesterday morning when last year's most valuable player in the eighth man conference walked on the football field. Max Edlen from Bluffs indicated his desire to enter Illinois College and began immediately to fill out the necessary papers. A few more like him and this Blueboy team could be hard to beat.

## FIGHT RE-SCHEDULED

PHILADELPHIA (AP)—The twice-postponed welterweight title bout between champion Kid Gavilan and sixth-ranked challenger Johnny Saxton of Philadelphia was re-scheduled Thursday for Oct. 20 at Convention Hall.

Promoter Herman Taylor announced the new date and said the bout would be nationally televised.

Game time 8 p.m.

The 1954 football season officially gets under way at 8 p.m. tonight when the Pittsfield Saukees invade the Jacksonville High School athletic field.

The last time these two teams met was last fall at Pittsfield and the Crimsons scored a 13-12 triumph. It was a nip and tuck affair all the way and from all pre-season dope, tonight's game should be every bit as good.

Coach Bob Kraushaar has announced his starting lineup but several other players will see plenty of action before the evening is over. Larry Knight and Francis Hudson get the call at the flanker positions. Both are lettermen from last season.

The tackle spots will be handled by Jim Symons and Ed Marquard. Jim Woodward and Jim Hill get the nod at guards. Max Roegge, this year's captain, will start at center as he has for the past two years.

The starting backfield will find Bill Lewis at the signal calling position with Larry Scott and Kent Dawson at the halfback spots. Sophomore Skip Dyer will start at fullback. Other boys expected to see plenty of action are Jack Fairfield, Ron Trier, Bill Prather, Tom Coats, Jerry Samples, G. Rexroat, and George Stevens.

The Routt Rockets open their season tomorrow night when they journey to Merceda. The other high school team, I.S.D., won't open until Monday when they travel to Petersburg. This game was originally scheduled for Saturday but has been changed.

## Fight Postponed Again; Scheduled For 10 Tonight

By JACK HAND

NEW YORK (AP)—The Rocky Marciano-Ezzard Charles heavyweight title match was postponed because of rain for the second time Thursday and re-scheduled for 9 p.m. CST Friday at Yankee Stadium.

The new starting time, a half hour later than originally planned, was the result of a conflict with a New York Giants-Philadelphia Phillies night baseball game at the Polo Grounds.

If it should rain out the bout a third time, it will be held Saturday night at 9 p.m. CST. After that, don't ask. The Yankees will be home all next week, using their own stadium.

The weatherman wasn't too optimistic about Friday with a forecast of partly cloudy. He said it definitely will rain again Saturday.

## New York Stock Market

NEW YORK (AP)—The stock market rallied in the final hour of trading Thursday and rolled along easily to a higher close.

The feature of the session was the strength of individual issues. That was apparent throughout the day when the market as a whole held steady.

That demand eventually spread over most major divisions and resulted in the final moderate forward drive.

Many stocks went up between one and five points, although the bulk of the issues were satisfied with modest gains. Losses were not pronounced and seldom went past a point in key areas.

The stock market Wednesday declined for the first time in two weeks. It had been at a level right around the best of the year scored a month before Thursday's advance just about balanced out Wednesday's decline and pushed the market up again to around the 1934 top level.

Among the better acting major divisions Thursday were the oils, steels, motors, rubbers, chemicals, coppers and utilities.

The railroads were lower most of the time and managed to close largely unchanged to lower. Aircrafts were neglected and closed mixed.

The Associated Press average of 60 stocks advanced 40 cents at \$134.30. It was down 50 cents Wednesday. The average now stands only 60 cents under the year's top Aug. 20. That peak incidentally, was the best since October 1929.

Most of the push for the average Thursday was lodged in the industrial component which went up 80 cents. The railroad section remained unchanged and the utilities were ahead 20 cents.

Volume was low at 1,880,000 shares. That compares with 2,110,000 shares traded in Wednesday's falling market.

The American Stock Exchange was generally higher with the oils favored. Volume came to 810,000 shares as compared with 680,000 shares traded Wednesday.

## CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Butchers and cows gained 25 to 50 cents Thursday in a very active trade. Top price was \$20.50, up 50 cents. Satisfactory receipts at 6,500 head were in line with the advance estimate.

Buyers paid \$20.00 to \$20.25 for most choice 190 to 260-pound butchers, a few loads and lots reaching \$20.35 to \$20.50. Light weights sold from \$18.00 to \$20.00. Sows were taken at \$16.00 to \$19.50.

Satisfactory cattle receipts totaled 2,000 head but the supply was augmented by 1,000 head held over from Wednesday. Packers had a large supply of cattle on hand and bid cautiously for the new arrivals.

Some head were held over for Friday's market.

Prime steers sold at \$26.00, the top. Good and choice moved from \$20.60 to \$25.50. Similar heifers brought \$19.00 to \$23.00. Prices generally were steady to 50 cents lower.

Lambs sold weak to \$1.00 lower while yearlings and sheep held steady. Good to prime native spring lambs brought \$18.00 to \$20.50. Satisfactory receipts totaled 1,500.

NEW YORK (AP)—Uncle Sam's debt certificates found support in an otherwise mixed bond market Thursday.

Over the counter trading of Treasury securities was slow, but there was slightly more demand than supply.

Investment quality industrials and utilities tended to decline, but losses were limited to fractions. Railroads were generally higher.

"Big Board" volume dipped to \$3,000,000 par value from \$3,130,000 Wednesday.

In the field of new finance, underwriters publicly offered 200,000 shares of common stock of Illinois Power Co. and 180,000 shares of 4.20 per cent preferred stock. The common was priced at \$48.50 a share and the preferred at \$50.90 each. Proceeds will finance construction and cancel bank loans.

**PAULETTE GODDARD INHERITS DOLLAR**

DENVER, (AP)—Actress Paulette Goddard inherited one dollar from the estate of her late father, under terms of a will filed for probate here Wednesday.

Miss Goddard's father, Joseph Russell LeVe, died here Aug. 31. He was a film distribution agent for Warner Bros. Studios.

LeVe's will directed that the remainder of his estate, valued at about \$3,000, go to his wife, Mrs. Mildred F. LeVe.

**POTATO MARKET**

CHICAGO (AP)—(USDA)—Potatoes: arrivals 142; on track 248; total U. S. shipments 475; supplies moderate; demand slow; market for russets dull to slightly weaker; for Pontiacs barely steady; Washington russets \$3.65; Wisconsin Pontiacs \$2.70-3.00; Lasotas (round) \$2.25.

## Interpreting The News

By J. M. ROBERTS JR.  
Associated Press News Analyst

Great Britain apparently will have the support of Turkey, third most interested party, when the question of the ownership of Cyprus comes before the United Nations at the meeting beginning next week.

Publicly, Turkey has been playing a very restrained role in the dispute between the Greek-descended Cypriots and Greece on one side, and Britain on the other. Turkey has two prime interests. About one-fifth of the island's half a million population is Moslem.

### HEAVY SELLING DROPS RYE, BEAN PRICES

By WILLIAM FERRIS

CHICAGO (AP)—Heavy selling drove down soybean and rye prices on the Board of Trade Thursday. Feed grains slumped but wheat held up well.

The market set its pattern within a few minutes of the opening. Thereafter, the trend never varied although wheat could not hold its top gains. September soybeans dropped 10 cents, the daily limit, an hour before the close and continued there to the finish.

Wheat closed 1/4 lower to 1 1/4 higher, corn 1/4 to 2 cents lower, oats 1/4-1 1/2 lower, rye 3 1/2-4 1/2 lower, soybeans 1/2 to 10 cents lower, and lard 5 to 18 cents a hundred pounds higher.

Selling in soybeans, particularly September, stemmed from receipt of 155 cars of cash beans at Chicago. At the finish September was down 4 3/4 cents from the seasonal peak. Reports of better than expected yields in parts of Illinois caused liquidation in other bean months.

Meanwhile, the cash bean meal and oil markets continued weak. Oil was only a shade lower at 12 1/2 to 13 cents a pound but meal was off \$1.50 to \$2.00 at \$62.50 to \$63.00 a ton. Since the start of this month's meal has plunged \$18.50 to \$22.00.

Selling in rye followed news West Germany had postponed purchase of nearly four million bushels of American rye, claiming the price was too high. This contemplated buying by West Germany had been a large factor in rye's advance this week. The Canadian rye crop was officially estimated at 14,827,000 bushels against last month's estimate of 16,188,000.

### ALEXANDER WOMAN'S CLUB HAS LUNCHEON, CARLINVILLE TOUR

Eleven members and guests of the Alexander Woman's Country club motored to the home of Mrs. Beulah Roberts on Sept. 9 for a pot-luck luncheon.

Following the luncheon the women drove to Carlinville and made a tour of the Prairie Farms Creamery. Members and guests were Mrs. Connie Bergsneider, Mrs. Elsie Bergsneider, Mrs. Kathryn Carr, Miss Margaret Carr, Mrs. Ann Hermes, Mrs. Elizabeth Hermes, Mrs. Enoline Kramp and son, Mrs. Muri Loyd, Mrs. Grace Reiser, Mrs. Josephine Walsh, Miss Mary Weiser, Miss Margaret Bergsneider, Mrs. Mary Dee Harris and daughter.

primarily of Turkish extraction but including other Middle East strains. The majority is Greek Orthodox, and primarily of Greek extraction.

But the major problem is strategic, and that also is the angle which preoccupies the British.

Communism has made important inroads among the people of Cyprus.

Britain and Turkey both fear that if the principle of self-determination were applied, as Greece is asking, the Communists would vote for Greece and then proceed to stage a coup which Greece, 500 miles away, would be unable to prevent. This would put the island, which lies directly across Turkey's communication line with the West, in enemy hands.

The self-determination movement seems to be a combination of genuine Greek feeling for union and the desire of the Communists to create as much trouble as they can between the three NATO partners in the eastern Mediterranean and in operation of the Greek-Turkish-Yugoslav pact. The Greek government probably is aware of this.

The true Cypriots of Greece extraction, the non-Communists, of course base their appeal on the principle of self-determination, and are promising not to interfere with Britain's military use of the island. What is doubted is their ability to make this stick against Communist pressure. Britain is building up the base as Middle East headquarters now that she is getting out of Egypt. The island has no value as a naval base due to lack of adequate harbors, and in the light of Winston Churchill's statement that the hydrogen bomb had made the Suez position of doubtful value, would seem of little war value.

At any rate, with Turkish support of the British position, it seems unlikely that the Greek claim will get anywhere at this session.

### Today Is Ticket Deadline For Cleveland Fans

NEW YORK (AP)—Friday is the deadline for mailing World Series ticket requests to the Cleveland Indians but the New York Giants haven't named a "stop" date yet.

The Indians are a cinch to clinch the American flag, and the Giants are the pacesetter in the National League, are the only two contending clubs accepting World Series orders.

In Cleveland where World Series hysteria started early with the Tribe's big lead, the Indians said they would not accept mail orders postmarked after Friday, Sept. 17.

Providing there are no playoffs in the National League, the four-out-of-seven series will start in the National League city, Wednesday, Sept. 29. The second game, Sept. 30, and the sixth and seventh games, if necessary, Oct. 4 and 5, also will be held in the National League city, Games 3, 4, and 5, will be held in Cleveland Oct. 1, 2, 3.

Starting time for each game is 1 p.m., local time, except for Sunday games in New York which begin at 2:05 p.m. by a state law.

## Mary Lena Faulk In Semifinals Of Women's Golf

By WILL GRIMSLEY

PITTSBURGH (AP)—Defending champion Mary Lena Faulk of Thomasville, Ga., thriving on pressure, swept into the semifinals of the Women's National Amateur Golf Championship Thursday with two other familiar tournament faces and a bright 19-year-old newcomer.

The other survivors through two taxing rounds over the Allegheny Country Club course were Mrs. Marjorie Lindsay McMillen of Decatur, Ill., long one of the Midwest's best; little Barbara Romack of Sacramento, Calif., a veteran at 21, and gangling Mickey Wright of La Jolla, Calif., 19, acclaimed the game's most promising corner.

In the 18-hole semifinals Friday the grim, steady champion goes against Miss Wright and Mrs. McMillen matches her par-level stroking with Miss Romack.

The 36-hole championship round will be played Saturday.

Miss Faulk, 27, settled an old score by crushing Ireland's Philomena Garvey in a fifth round morning match, 5 and 4, then finished strong to beat Mrs. Maxon Berger of Buffalo, N.Y., in the afternoon, 2 and 1.

Miss Garvey upset Miss Faulk in the British women's tournament last year in the semifinals.

Miss Wright, a tall, willowy blonde, eliminated Mrs. Margarita Maglione of Argentina, 2 and 1, then took the measure of Polly Riley of Fort Worth, Tex., 3 and 2.

Mrs. McMillen, 30, former Western and five times women's champion of Illinois, played even par for the day's 29 holes to outstare Mrs. Philip J. Cudone of Montclair, N.J., 6 and 4, and Barbara Ann Burnard of Armonk, N.Y., 4 and 3.

Miss Romack, a cute blonde who is a familiar figure on the golf circuit, won over Joann Prentice of Bessemer, Ala., 3 and 2, then conquered Margaret Wiffitt Smith, 17, year-old Mexican champion from Guadalajara, 7 and 5.

## Grand Jury Makes Visit To County Jail

A committee of the Morgan county grand jury visited the jail Wednesday and made an inspection of the premises. The report prepared by the committee and presented to the Judge DeWitt Crow stated that the building is clean, and that prisoners are well fed and cared for.

SEPTEMBER 1, 1954.  
Honorable Judge DeWitt Crow  
Circuit Court  
Court House  
Jacksonville, Illinois.

We the undersigned members of the May Term 1954 Morgan County Grand Jury, having inspected the Morgan County Jail this 15th day of September, 1954, as requested do respectfully report to the court that:

We were escorted to the jail by Sheriff Hemmrough in person, and were greeted by his congenial wife. Upon our arrival we inspected the Sheriff's living quarters in the quaint old building, and observed the fine dinners already prepared for the inmates. The dinners consisted of more than adequate servings of meat, cooked and raw vegetables with minor dishes, and a choice of dessert with coffee and ice tea as drinks. During the meal we were able to appreciate the enthusiastic and vigorous effort which both Sheriff Hemmrough and Mrs. Hemmrough show for law enforcement in Morgan county.

After the meal we were conducted through the prison part of the ancient structure. First, at the desk where we registered, as do all visitors, we were shown the methods of recording and keeping all records of Morgan County Crime. Use of the 24 hour a day radio service was explained to us. We were then shown the women's quarters of the jail which is downstairs.

Upstairs, behind several locked doors, we were shown the two separate, zoo like, quarters for men prisoners. One section had four occupants, and the other six. Although the building is very old, the jail proper is not obsolete. The structure of the jail proper is fire proof, being concrete and steel.

It was pointed out to us that all possible steps are taken to keep the jail up to date, and efficient. We were shown where recent break outs were attempted, and the measures taken to correct such or similar occurrences in the future.

During our few minutes left Mr. Hemmrough showed us a scrap book of county crime happenings during Sheriff Hemmrough's first term of office. This scrap book is kept up to date, and has proven to be very useful.

We found every thing clean and tidy, and have no criticism concerning the operation or efficiency of the Morgan County Jail.

We would urge that more honest and responsible citizens visit the Morgan County Jail and learn of its function, its problems, and its place in our county.

Respectfully submitted,  
J. C. Colton, Jury Foreman.  
Charles Ater, Jury Clerk.  
Ruth M. Hamel, Jury Member.  
Edward Charlesworth, Jury Member.

**BIG TILT**—It will take some ingenious thinking on the part of the workers to solve this housing dilemma. The accident occurred near Moundridge, Kan., when the rear wheel of the trailer broke through the planking of the bridge spanning Emma Creek. Only one corner of the house remains imbedded in the creek bank, posing it from possible disaster as the creek flows beneath it.

### James Pohlman, Vivian Wilson Exchange Vows

JERSEYVILLE — Bouquets of yellow and bronze chrysanthemums, combined with greenery, decorated the candlelight altar of the Church of the Holy Ghost Saturday for the wedding of Miss Vivian Charlene Wilson of Jerseyville and James P. Pohlman of Carrollton which took place at ten o'clock. The Rev. Leonard Rathgeb performed the double ring ceremony and was celebrant of the nuptial mass which followed. The bride is the daughter of Mrs. Vivian Wilson of Jerseyville and Raymond Wilson of Alton and the bridegroom's parents are Mr. and

Mrs. John Pohlman of Carrollton. The traditional wedding marches were played by Mrs. James J. Walsh who was also accompanist for George Schnelton of Carrollton who sang Schubert's "Ave Maria." "The Lord's Prayer," "On This Day, Oh Beautiful Mother," and "Mother At Thy Feet We're Kneeling." Mrs. Bernard Willis who was formerly Miss Irene Skinner of Jerseyville, was Matron of Honor for Miss Wilson, and Miss Mary Ann Pille was her bridesmaid. Edward Pohlman of Carrollton was best man for his brother, and John B. Pohlman, Jr., another brother, was groomsman. The ushers included Robert Schnelton, Bernard Willis and Donald Pranger. Following the wedding a reception was given at the home of the bride's mother from 12 to 2 p.m. When the newly wedded couple left for their wedding trip the bride

# SUSPECT

By Hugh Lawrence Nelson

THE STORY: Private Detective Jim Dunn, working as an investigator for Mrs. Rita Carlson, has driven with Nancy, his wife, to the summer estate of the wealthy Carlson family in Colorado where they will pose as caretakers for his client. Stopping for keys, Dunn finds that he has not been given one to open the gate. As he shouts at the gate, a young man appears.

IV  
A HANDSOME man in his early twenties, tanned so deep his fair hair looked white was smiling at Jim.

"We want in," Jim said. "No can do. Sorry. You have to have a key."

Jim picked at the binding chain, let the links fall back with a clatter. "We've come to open a place called The Spire. I understand ingress and egress to the place goes with the deed. My boss bought the place. I can show you the deed."

The smile broadened. "Sorry. I can't read. You own a place in here, or have reason to come in, you should have a key."

"So I should," Jim admitted. "Funny how it could have jumped off the wire like that."

"Very funny. Go away and don't bother me."

Jim took a flashlight from his jacket pocket, turned the powerful beam overhead. It did not take long to locate the double wires which led directly to the small cabin. "All the modern conveniences, like phones. And how is my good friend, Toby Argyle?"

The same smile stayed on the young man's face. "I don't know what you're talking about." He used a tone of voice which made it perfectly clear he was lying.

"You could save me trouble by unlocking the gate," Jim said mildly.

For a moment the young man's smile thinned still more. He tried

to shade his eyes so he could see past the glare of the lights. He said, "Can't do it," and walked away.

He opened the glove compartment, put his gun on his lap. "Nope. Maybe Handsome thinks so. But that chain didn't look too strong to me." He eased the station wagon forward in drive, pushed the bumper gently against the gate.

The young man appeared again in the headlights. He had his mouth open to yell.

Jim gunned the motor. Tires spun and squealed. The whole gate bulged. The chain snapped, whirled off through the trees. Both sections of the gate flung back with the suddenness of their release.

Jim stopped when the jeep was still a few feet from the young guardian of the gate.

"Too bad the chain fell off," Jim said.

The smile was still on the man's face as he stepped quickly from the light, vanished in the shadows and darkness under the trees.

ABOUT an eighth of a mile from the gate, the road divided into three even narrower ways. A finger pointing signboard indicated the left-hand trail as leading to The Spire. Dunn made the turn automatically, before he remembered and slammed on the brakes.

"Let's take a look at that map again. Seems to me we should be going more in that right-hand direction."

A combination of dash light and flash showed the turn clearly, the right-hand fork as Jim had remembered. He left his gun with Nancy as he got out and walked on ahead, using the flashlight sparingly. He did not have

## THE VISIBILITY IS FINE

A cattle guard was under construction. At least rails were neatly piled near-by. But at the present a four-foot ditch cut across the narrow road, a ditch partly filled with rushing water. Jim Dunn felt his anger begin to boil at the pit of his stomach. Even allowing for the crawl to make the blind curve, there would have been a severe jolt. He walked slowly back to the jeep, flashing his light into the dense undergrowth along each side of the road. He found the warning sign, left it where it lay, walked more quickly.

"You better take the gun," Nancy said.

"Something?"

"I think so. Some sort of sound back where the roads forked. Metal scraping on metal—it sounded like to me."

Jim started to back the station wagon into the narrow opening which would permit a turn. He stopped again, got out and used the flashlight. "No bet missed," he muttered. He pulled the strands of old-fashioned wire with their wicked inch-and-a-half barbs aside, got back in and turned quickly.

"I have a smart husband," Nancy said. "What made you think there might be—something there?"

"Only place to turn," Jim muttered.

They reached the forks of the road. "Look, Jim. The sign. It's pointing in the right direction now."

Jim did not slow up. "Probably the noise you heard. A heavy wrench on that metal standard to turn it. I'll bet we'd find the dirt loosened around its base."

"Not stopping to look?"

"Not me," Jim said firmly. "Maybe we're supposed to stop there. Or at least if we didn't have to stop before to fix a few flat tires."

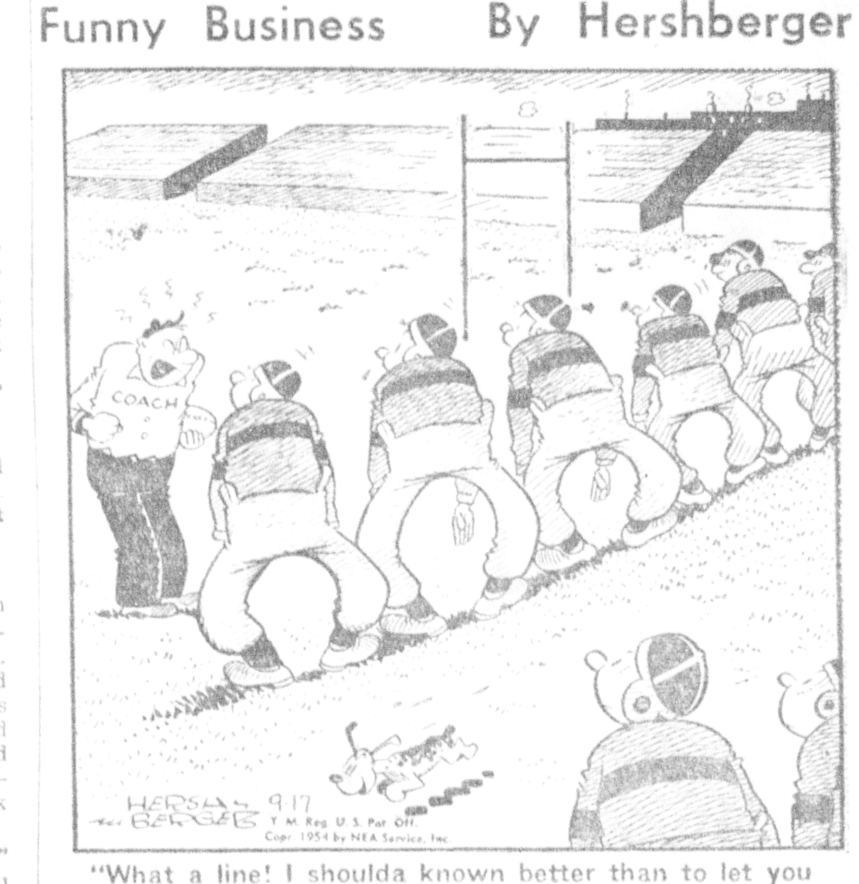

"Delaying tactics?" Nancy asked.

Jim thought of the ditch again, but with more of a chill than with anger. "Maybe."
